

"CLASSIC SERIES"

ZUKO HUDDLE

Classic - Zuko Huddle

The Zuko Classic Series brings in the classic look back to the audio-conferencing market. The Zuko Classic Huddle (ZUKO CH) is an HD conference speakerphone that is suitable for use in home offices, conference rooms, huddle rooms, and other indoor environments.

The Zuko Classic Huddle is an innovative conference and speakerphone which blends in well with other equipment and furniture in all kinds of workspaces. Some of its key features include:

- Firm and compact design offers full-duplex audio technology
- Conference calls using mobile phone, tablets, and laptops
- High-quality music playback and audio recording
- Powered via USB cable. No power supply required

The Zuko Classic Huddle does not need to install any driver, just plug and play. It is compatible with common audio and video conferencing software, such as Microsoft Teams, Skype for Business, Skype, Zoom, Cisco Webex etc., which makes the conference deployment more convenient and efficient.

The ZUKO Huddle can be bundled with any of Strider Labs Cameras to provide a complete room experience.

- **HD conference voice:** High fidelity and high reduction voice; The voice will be clearer and purer, like taking a face-to-face meeting
- **USB HID Reverse control:** Intelligent man-machine interaction, make computer volume and microphone consistent.
- **Perfect full-duplex:** Two-way communication is more natural and smooth 5m voice pickup range.
- **New SIREN @audio processing algorithm:** 360 ° high coverage, long pickup, Upgrade full-duplex technology. The 384ms echo cancellation. Dynamic noise reduction.
- **Portable MIC and speaker:** No driver required, just plug and play; New appearance design, more suitable for various conference scenes
